Bears Take Advantage of Situation To Depress Prices in Stock Market

STEEL TRUST REPORT

Market Also Declines Under Influence of Weakness on Foreign Exchanges.

NEW YORK, Jan. 6.-The stock market was depressed this morning by the influence of weaker foreign markets and unfavorable effect of the statement of United States Steel Corporation. The opening was at a fractional loss and prices further declined, with only occadonal rallies of small fractions.

Amalgamated Copper was an active ssue, but after opening down 1 per cent, the price rallied 1% per cent, then held steady at a fractional recession. In the railway list there were gradual declines of a point or more in St. Paul, Union Pacific, Atchison and Canadian Pacific. Louisville and Nashville opened off 1% per cent, but subsequently showed more strength. Delaware and Hudson opened down 1½ per cent, and Dela-ware Lackawanns and Western declined the same extent. Realizing sales caused a decline of 2 per cent in the

Chicago and Alton stocks.

In local tractions there were losses of a point in Manhattan, and 1% in Metropolitan Street Railway and Brooklyn Rapid Transit hell comparatively steady. As the morning advanced the selling pressure showed an increase, and still further declines were recorded

through the list. The speculative sentiment was considerably unsettled and gossip was resumed suggestive of apprehension that the market might be discounting the decision in the Northern Securities suit, as likely to be unfavorable to the company. London sold from 30,000 to 50,000 shares The foreign selling movement originated in Paris, where the markets were dis-turbed by a 2 per cent decline in Rus-sian fours and where the war scare is particularly centered.

WASHINGTON STOCK MARKET. COTTON MARKET WEAK

UNDER BEAR PRESSURE

NEW YORK, Jan. 6.—There was considerable selling pressure at the opening of the cotton market today, and prices gave way as though the support had been altogether withdrawn. Later the market went still lower on offerings from persons who did not like the news regarding the situation in the Far East or the cables from Liverpool. Prices from that market coming much lower than expected.

After 10:30 o'clock, the market developed a good deal of irregularity, and soon became unsettled under renewed increased the war premium. Room traders were very bearish, and went short freely, with 11:30 o'clock, finding the market at a net loss of 34 to 40 points, and still weak under realizing and bear pressure.

CARROLLS VS. MORTONS. The champion Carroll Institute bas-ketball team will have as its opponent tonight in a District League champion-ship game in the Institute hall, the Mor-ton Cadets. The Mortons have been putting up a fast game this season and a good contest should result. The game will be called promptly at 8:15 o'clock.

RHEUMATISM

AN INDESCRIBABLE TORTURE

Because Rheumatism sometimes comes on suddenly, doesn't prove that it is a chance disease or one due to accidental causes. It takes time for it to develop, and is at work in the system long before any The blood is the first point of attack, and the symptoms are felt. poisonous acids that cause the aches and pains are then distributed through the circulation to different parts of the system, and settle in joints, muscles and nerves; and

dition it needs only some exciting cause, like exposure to night air, damp, chilly weather, or the cold, bleak winds of winter, to arouse the slumbering poisons and bring on Rheumatism. The severity of the attack depends upon the amount of acid in the blood and the quantity of acrid matter in the joints and muscles. Some people are almost helpless from the first. while others have occasional spells or are uncomfortable, restless, nervous and half sick all the time from the nagging aches and pains. Rheumatism is a disagreeable companion even in its mildest form and must be thoroughly eradicated or it grows worse as we grow older, and fre-

when the system is in this con- RHEUMATISM IN ELBOWS, WRISTS AND KNEES.

Urbana, Ohio, Aug. 25, 1903. Last winter I had a severe attack of Rheumatism. It started in the right elbow, and from there to my wrists; the right wrist was the worse. It became swollen and extremely painful. My left knee joint was the next place to be attacked. It became swollen and of course painful. The next point to be affected was the hip and ankle, which gave me much trouble. I was barely able to get about for some time. I was under treatment of a physician for awhile, but getting no better, I began S. S., and after taking it for some time I was entirely relieved of the Rheumatiam. All swelling and soreness disappeared. I consider S. S. S. an excellent remedy for Rheuma tism and all troubles having their origin in the blood.

GRIFFITH KELLY. 403 Bloomfield Ave.

quently stiffens the joints, draws the muscles out of shape, breaks down the nervous system, and ruins the health. A disease that originates in the blood, as Rheumatism does, cannot be cured with external remedies like liniments and plasters; such things scatter the pains or drive them

to some other part of the body, but do not touch the disease or improve the condition of the blood. The thin, acid blood must be restored to its normal purity and strength, so that all poisonous substances may be carried out of the system, and no medicine accomplishes this in so short a time as S. S. S., which not only

neutralizes the acids and counteracts the poisons, but builds up the general health at the same time. Write for our special book on Rheumatism, and should you desire

any special information or advice, our phylicians will furnish it without THE SWIFT SPECIFIC CO., ATLANTA, GA. | closed; absolutely reliable and BRADFORD, Superintendent.

Corporation for the last quarter of the year shows a falling off in net earnings, The decrease in the earnings of the United States Steel Corporation and the passage of the dividend on the common passage of the dividend on the common the dividend would be reduced. For the
